Interior Design & Fit-Out

Residential & Commercial Projects

Infrastructure Development

Our Vision

To be recognized as a leading construction firm in Dubai, delivering high-quality projects with integrity, innovation, and precision.

Our Mission

- To provide the best design concepts aligned with each client's vision and budget
- To deliver high-quality construction projects with precision and attention to detail
- To maintain full transparency in cost, scope, and timelines
- To provide clients with complete peace of mind throughout the construction journey
- To build long-term relationships based on trust and performance

Meet Our Team

Muhammad Raheel Sajid - Co-Founder

15+ Years Of Experience in market analysis and strategic growth, Raheel combines an engineering background with consultancy expertise. He specializes in forging international partnerships within the mining, investment, and real estate industries, ensuring every multi-sector project is both compliant and scalable.

Faisal Chattha - Manager

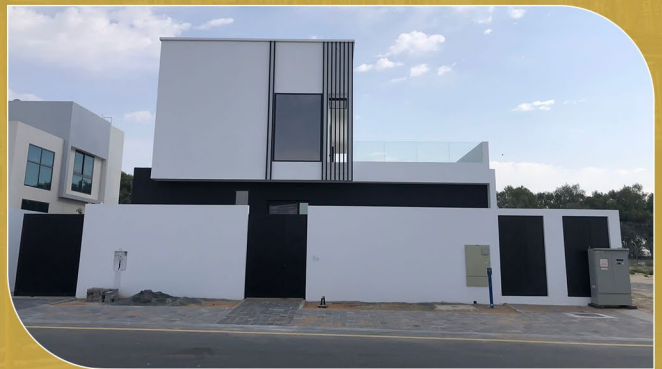

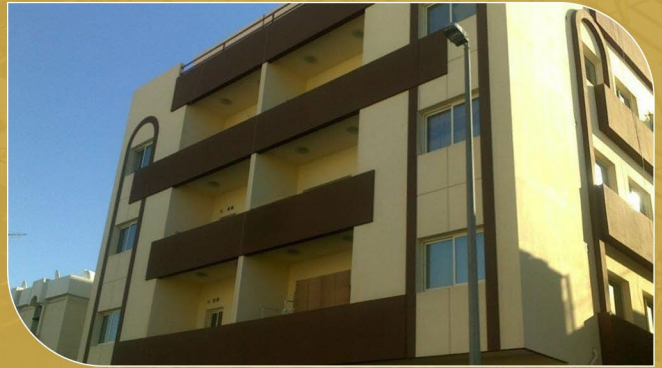

23+ Years of Experience, including 19+ years in Dubai and 4 years in Pakistan. He oversees projects from design coordination through construction, finishing, testing, and handover, with proven expertise in regulatory approvals, contract governance, and commercial management. His leadership ensures every project is delivered with uncompromising standards of quality, safety, cost control, and schedule precision, reflecting Mintrix Contracting LLC's commitment to excellence in every construction endeavour.

23+ Years of Experience | 300+ Villas Built in Dubai

Trusted by Local Clients

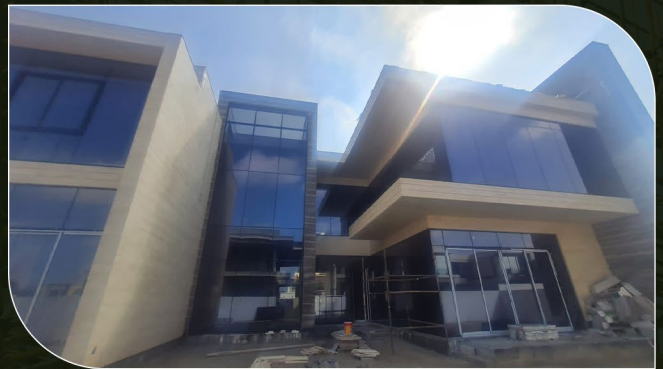

Why Choose Mintrix Contracting LLC

01

Distinctive Design & Build

Mintrix Contracting LLC offers seamless integration of creative architecture, luxurious interiors, and expert construction for Dubai's luxury residences

High-Quality Standards

Dubai-based supervision, skilled teams under approved visas, and carefully selected high-grade materials ensure superior workmanship in every detail.

02

03

Complete Transparency

No hidden costs. No unexpected variations. Every scope and price is clearly defined and fixed within the contract.

Structured Project Management

Detailed planning, milestone tracking, and proactive coordination to ensure on-time delivery.

04

05

Authority & Compliance Management

We handle all authorities approvals, inspections, and documentation ensuring full regulatory compliance without delays.

Stress-Free Delivery

From design choice to turnkey delivery, Mintrix Contracting LLC manages it all on time, on budget, exactly as promised.
